TABLE XXII.—Industrial Statistics.

This Table is based on information collected by a Special Census of Industrial Establishments (held apart from the population Census) employing not less than ten persons, Family or Cottage Industries where work is done by members of a family and the profits are shared in it, being excluded. The establishments have been classified under 16 main groups. Establishments in which several Industries falling under different groups are carried on, such as, Rice and Oil Mills have been classified under the Industry first returned.

2. The Table is divided into 7 parts.

Part I—Provincial summary of establishments classified according to (1) the strength and nature of each and (2) whether power is used or not.

„ II—Distribution of Industries by Districts.

„ III—Establishments classified according to the class of Owners and Managers.

„ IV—Caste or Race and Birthplace of skilled workmen classified according to their occupation in selected Industries.

„ V—Caste or Race and Birthplace of unskilled labourers in selected Industries.

(Parts IV and V have been compiled only for a few important Industries. The names of Castes and of Districts of Birth in Provinces beyond the State are given only in cases where the number of persons returned is not less than 50 in any of the selected Industries.)

„ VI—Details of power used in Industries.

„ VII—Details of looms used in Textile Industries.

MYSORE CENSUS, 1921.

PROVINCIAL TABLE I.—Area and Population of Cities and Taluks.

NOTE.—This Table and the next (Provincial Tables I and II) present a few of the main statistics such as Population, Density, Literacy, etc., for the State by Taluks which are treated as units for these and other Tables compiled for use within the State, as distinguished from the Imperial Tables which are meant for general use and for the purposes of which the District or City is treated as a unit. For other Tables compiled for Provincial use Part IV of the Report should be consulted. Each City is treated as a unit in these Tables.

2. The area figures of Cities and Taluks in column 2 of this Table have been taken from Provincial Table I of the Census of 1911, except in the case of the Bowringpet Taluk and Kolar Gold Fields (City) where the area has been adjusted on account of the inclusion in the latter in this Census of 80 villages which in the Census of 1911 were included in the Bowringpet Taluk.
